Exchange Carrier

ORDER GRANTING AUTHORITY
TO PROVIDE LOCAL EXCHANGE
SERVICE AS A RESELLER AND
APPROVING SCHEDULE OF RATES
AND TERMS AND CONDITIONS

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

In this Order, the Commission grants Claricom Networks, Inc. d/b/a/ Staples Communications - Networks (Claricom or Company) the authority to provide competitive local exchange service as a reseller in the State of Maine, and approves the Company's Terms and Conditions and Rate Schedules. We also exempt Claricom from the requirements of Chapter 210, *Uniform System of Accounts*, and of 35-A M.R.S.A. §§ 707 and 708, subject to the conditions described below.

I. APPROVAL OF APPLICATION TO SERVE

On March 29, 2000 pursuant to 35-A M.R.S.A. §§ 2102 and 2105, Claricom filed a petition with the Commission requesting authority to provide local exchange telephone service as a reseller in Maine.

35-A M.R.S.A. § 2105 requires, before we grant approval under section 2102 for another public utility to provide service, that we find that the public convenience and necessity require another utility to provide service in a location where utility is already authorized to provide, or is providing, the same or similar service.

47 U.S.C. § 253(a), enacted by the Telecommunications Act of 1996, states:

(a) In General. No State or local statute or regulation, or other State or local legal requirement, may prohibit or have the effect of prohibiting the ability of any entity to provide any interstate or intrastate telecommunication service.

47 U.S.C. § 253(b) states, however:

(b) State Regulatory Authority. Nothing in this section shall affect the ability of a State to impose, on a competitively neutral basis and consistent with section 254, requirements necessary to preserve and advance universal service, protect the public safety and welfare, ensure the continued quality of

telecommunications services, and safeguard the rights of consumers.

We find that granting Claricom the authority to provide local exchange service will not impede the preservation or advancement of the public interest goals or policies stated in section 253(b).

We have previously found that Claricom is qualified to provide interexchange service. We therefore find that its financial and management capabilities are adequate to provide local services in Maine.

II. SERVICE TERRITORY

Claricom has requested authority to provide local exchange service throughout the state. It states that it will offer service only as a reseller of local exchange service provided by other authorized local exchange carriers (LECs). We define local resale as the offering of local exchange service purchased from another competitive local exchange carrier (CLEC) pursuant to 47 U.S.C. § 251(b)(1) or from an incumbent local exchange carrier (ILEC) at a wholesale discount pursuant to 47 U.S.C. § 251(c)(4). The purchase of unbundled network elements from an ILEC and their use in providing local exchange service is facilities-based service and is not resale. Claricom's authority to provide local exchange service is limited to resale unless it obtains further authorization from the Commission.

If Claricom wishes to expand the scope of its authority in the future to provide facilities-based switched local exchange services, it must seek approval pursuant to 35-A M.R.S.A. § 2102, requesting the Commission to amend this Order. Any such request must specify the specific exchanges where it proposes to offer service and include information establishing a readiness to provide facilities-based local exchange service within six months in the specifically identified areas.

III. APPROVAL OF TERMS AND CONDITIONS AND RATE SCHEDULES

We allow the terms and conditions proposed by Claricom to go into effect. Claricom did not use the Commission's standard terms and conditions that comply with Maine law and the Commission's Rules. We have reviewed the Company's terms, conditions and rate schedules, and they appear to comply with Maine law and the Commission's Rules. Nevertheless, if there is any conflict between a provision in Claricom's terms and conditions and the Commission's Rules or a statute, the rule or statute will control. Included in the Terms and Conditions is a provision stating that in the event of such a conflict, the statute or the Commission's rule will control.

In general, the Commission believes that a competitive telecommunications market results in services and rates that benefit the public. We believe that the acceptability of Claricom's services and rates in the market place provides an adequate test of the reasonableness of the Company's rates. Accordingly, we allow the rates proposed by Claricom to go into effect.

IV. INTERCONNECTION AGREEMENT(S)

In order to provide local exchange service, a competitive local exchange carrier must, as a practical matter, obtain an interconnection agreement with the ILEC(s) providing service in any area where it intends to provide service. In the absence of such an agreement, it will not be possible for Claricom's customers to call customers of the ILEC(s), and vice versa. Interconnection agreements are governed by 47 U.S.C. § 252, and must be approved by this Commission.

If a CLEC makes a bona fide request for an interconnection agreement with an ILEC that is a "rural telephone company" as defined in 47 U.S.C. § 153(37), the "rural exemption" of 47 U.S.C. § 251(f) will apply. All of Maine's independent incumbent local exchange carriers are "rural telephone companies." A rural telephone company is not required to negotiate an interconnection agreement or provide interconnection until after the Commission, pursuant to 47 U.S.C. § 251(f)(1)(B), finds that the requirement "is not unduly economically burdensome, is technically feasible, and is consistent with [the universal service provisions of] section 254" Although the service territory we grant today is statewide and Claricom's terms and conditions do not limit its service territory, as a practical matter it cannot offer local exchange service in the service territory of a rural ILEC until such time as that ILECs rural exemption is terminated.

If Claricom executes an interconnect agreement(s) with an ILEC(s), it shall seek approval of that agreement by this Commission.

V. WAIVERS; REPORTING REQUIREMENTS

As a condition of providing local exchange service, Claricom must comply with the terms of any applicable Commission orders or rules that may govern local interconnection and compensation for interconnection. Claricom shall also comply with any applicable Commission Rules or orders that govern universal service, public safety and welfare, service quality and consumer rights.

The Commission grants Claricom a waiver from the requirements of Chapter 210 of the Commission's Rules, which governs telephone utility accounting, and from 35-A M.R.S.A. §§ 707 and 708, which govern reorganizations and affiliated interests. Because Claricom's rates and operations are likely to be subject to market forces, we do not see any present need to subject the Company to those requirements. However, Claricom must report its annual intrastate gross operating revenues and its annual intrastate minutes for use for the purpose of determining its regulatory assessment, and such other information requested by the Commission.¹ If Claricom resells service to other switched or switchless telephone service providers, the Company must maintain its records so that it may separately identify those sales.

¹The Commission mails the annual reporting forms to carriers in January of each year. The completed forms are due by April 1 of each year.

In addition, Claricom shall inform the Commission of any changes to its corporate structure and ownership and of any changes in the name under which it does business, as set forth in Ordering Paragraph No. 3. If necessary, it shall also refile its rate schedules and terms and conditions to reflect its new identity

VI. OTHER REQUIREMENTS

Claricom shall comply with all applicable rules of the Commission and statutes of the State of Maine.

VII. ORDERING PARAGRAPHS

Accordingly, we

1. Grant, pursuant to 35-A M.R.S.A. §§ 2102 and 2105, the request of Claricom to provide competitive local exchange telephone service as a reseller in the State of Maine; and,
2. Exempt Claricom from the requirements of Chapter 210 of the Commission's Rules, except that it must report the revenue and minutes of use information that is requested by the Commission, on or before April 1 of each year; and
3. Exempt Claricom from the approval requirements of 35-A M.R.S.A. §§ 707 and 708, provided that Claricom shall notify the Commission of any reorganization, as defined in 35-A M.R.S.A. § 707(1)(A), that results in a merger, sale or transfer of a controlling interest of Claricom or of any entity that owns more than 50% of Claricom. Claricom shall also provide notice of any other changes in the name under which it does business (d/b/a), any change of the location of its business office, and any change of its contact person. Claricom shall provide the Administrative Director of the Commission with notice of any of the changes described within 30 days following the change. If necessary, Claricom shall amend its rate schedules and terms and conditions to reflect any change in identity.
4. Order that Claricom's proposed terms and conditions and rate schedules (pages 1-29), attached to this Order, shall be effective on the date of this Order.
5. Order that Claricom shall comply with all applicable rules of the Commission.

Dated at Augusta, Maine this 19th day of March 2002.
